

Problem 2: calculate gross earnings

The employees below work a standard 40-hour workweek and are paid time and one-half for all hours over 40 in each workweek.

- a) For each employee, compute the regular earnings, overtime rate, overtime earnings, and total gross earnings.
- b) Compute the total gross earnings for all employees.

Employee	Hours worked	Regular Hourly Wage Rate	Regular Earnings	Overtime Rate	Overtime Earnings	a) Total Gross Earnings
Zorn, J.	47	\$9.45				
Erving, J.	42	11.90				
Warner, C.	48	8.85				
Russell, B.	44	8.25				
Bird, L.	45.5	7.40				
b) Total Gross Earnings:
